

The features of a happy family ✓

The family is the environment in which some people still have blood relations, united. The family is two or more ~~than two~~ people ^{they} who joined because of blood relationship, marriage or adoption ~~relationship~~ and ~~their~~ ^{lives} in a home, interact with one another and ~~in their role~~ and create and maintain a culture. ~~From the meaning of the family~~ ^{we} we can conclude that the family ~~are~~ ^{is} the smallest unit of society, consists ^{ing} of two or more ^{people} and the existence of ^a the bonds of marriage or blood ties. A family living in a household under the care of a head of household, ^{that is} the father and the Interaction between each family member. Each family member has a role ^S and their responsibilities. *no thesis statement.*

The main ^f Features of the happy family is to ^e Create a religious life in the family. We can not deny that religion is a strong binder in human ^{lives} life. A marriage ^{✓ O.K topic sentence} and family if it is not bound by moral values or Lordship will easily ~~be~~ fragile. Passion and personal ego will be one cause of the outbreak of the family relationship if not dealt with ^{of} in the rules/religion. ~~Facts~~ ^F families ^{that} who are not religious, his religious commitment is weak or even nonexistent ^{and are} at risk ^{at risk} four times ^{of being an} to ^{be} unhappy in his family. ^I The member ^s of the family would not respect each other, ~~the true family must respect each other~~. A husband should respect his wife as a homemaker, ^{and a wife must} as well as wives appreciate their ^a husbands as breadwinners and heads of households. Give praise and thanks for the things already done. when the husband ^{come} came home from work, tired ^{the} wife could give her husband ^{a massage} message. When a child or a brother can scored less well in school, ^{and they should} as parent ^{him} do not kill the spirit of the child ^{but do} but ^{our} encourage and support them for more active learning. As children we also have to appreciate the struggle of the fathers and mothers. The children

should ^{tell} told the mother that they love and ^{are} thankful for what she ^{has} done, like cooking and caring for them. Similarly, for their father, the children should ^{tell} their father that they ^{are} so grateful to their father for his ^{own} hard work to find money ^{to have} for the better living. ^{They should appreciate} even to things that are small ^{as has} it have a deep meaning. ^{Therefore,} in the relationship of a family, it could ^{has} built mutual respect and grateful is one of the factors binding ^{the} her family harmony.

The second features ^{O.K topic sentence} to create a happy family is good communication. These factors ^{can} also have a big impact in ^{the} process ^{of building} to ^{your} built a harmony family. ^{Do not} practice a veto in a family, two-way communication and listening and speaking ^{habit} system is necessary to build intimacy and comfort in family relationships, where every family member can express love and desire ^{for} each other. ^{When there is} good communication between family members ^{so} many things can be resolved. Time with family is priceless. Each family member must have a commitment to take ^{the} time for family. ^{As an} For example, ^{having} with dinner ^{as a} to follow for all family ~~members~~ or traveling together ^{for a} to tour. ^{It is} It's more to the matter of time management. Every family member should create a good relationship between families. this will strengthen the relationship of each member of the family. There should be a strong bond ^{between} each family members. There must be a sense of belonging and love ^{and} concern for family, ~~not just the sick. Do not minding his or her own matters.~~ Families must be bound to each other. Loosening these ties will lead to many problems in the future. ~~It is also a tendency of families in this era of modernization.~~ There will always be a problem, but the priority is the family unit. It is not possible ^{for} a family relationship ^{to be always} smooth and straight. ^{it is important to} Surely there will be differences of opinion and debate, but ~~to remember is~~ that irrespective of how

^{the} ^{is a} that crisis, family unity should be paramount. Do a little trouble asking for a divorce, children have the problem continues to run away from home, or parents who easily expel the child. ^{Therefore} So the good skill communication is one important factor to grow a healthy family.

The conclusion is, if a family is adopting features that we describe earlier, ~~And each family responsibilities and roles can be done should not~~ ^a ^{can be a} ^{place for} only home we are safe and happy, but our children will become pious child. They are loyal and love their parent ^s more so when they ^{grow} ^{ev} are old. Encourage all the member of family to ^{follow} make the Prophet as ^{he is} a good example in all the agenda of our lives, ~~without the slightest doubt it. Whenever we feel about life examples~~ (exemplary) which Reviewed by him we can not accept, or fail we follow, that does not mean we have to find other alternatives in the search for happiness in life. But what we must do is ^{to} try our best to practice all that ^{is shown} taken by the Prophet. ^{is} all that is asked ^{to} make the maximum ^{more our} capacity, so what should we stay away from ^{and line} what God has prohibited, ^{are} avoid and leave at all with full awareness and consciousness to gain the pleasure of Allah SWT. Enhancing the quality of Islamic ^{knowing} Affairs, faith and piety we are ^{are} legally recognized as the key to a real happiness. Therefore, it is up to us how much our intention and sincere efforts we attempt to have a happy family as the glass-eye Koran is a "word" and in role models shown by our great Prophet Muhammad recognized by God as Creator, Omniscient, Most Gracious and Merciful and Most Just of all creation creations.
